Great American Insurance Group/United State Dressage Federation

Region 8 Dressage Championships

96 HOURS TO NOMINATE

US Dressage Finals

presented by Adequan®

Nov. 5-8, 2020 • Kentucky Horse Park

Nomination is required for participation in US Dressage Finals classes, whether qualifying through placing in a Regional Championship class or by Wild Card Eligibility, or by alternate.

The Nomination (preliminary entry) deadline is midnight, 96 hours after the last championship day of your Regional Championship.

The Nomination fee paid will be applied to the total amount due at Closing Date. Nominated entries that do not receive an notification will receive a full refund of nomination fees paid minus the \$10 processing fee per nominated class.

Priority for all stabling requests (including stabling in heated Alltech Barn and for double stalls) will be based on the date of receipt of the completed entry and allotted Alltech stalls per region. To maintain priority consideration, a completed entry must be received within five days after the nomination deadline.

Entry Opening Date is September 16, 2020. Entry Closing Date is October 15, 2020 midnight EST.

For qualifying, nomination, and entry information visit

Welcome to the 2020 Great American Insurance Group/USDF Regional Championships in what is surely our most unusual year. Congratulations on your perseverance and dedication to achieving your goal this season!

This competition will be different than in previous years, with the necessity of strict CoVid19 protocol compliance at the top of your "Must Do" list every day, all day to ensure that this show and other competitions can continue be take place. The organizers, show management, volunteers and officials have worked extremely hard to make this event happen; please take

time to show your appreciation to all of them, including our generous sponsors without whom this Championship program could not flourish.

Please! Wear your masks, do maintain physical distance and be supportive of your fellow participants, as this positivity is important today, more than ever. Communicate with your "village of spectators" who could not attend this competition. I hope you have your best tests of the year and if the US Dressage Finals presented by Adequan are planned to be your season capstone, I hope to see you at the Kentucky Horse Park in November!

Be mindful and stay safe, as we truly are a USDF community dependent upon each other!

With best wishes for success,

Lisa Gorretta
USDF President

USDF Statement on Animal Welfare

The United States Dressage Federation, Inc. (USDF), a federation of individual members and over 100 independent organizations throughout the United States, supports the concept of ethical treatment of animals.

Dressage is a classical method of training horses, based upon the horse's natural responses, as carried out in a gradual, planned program during which the horse's athletic abilities are improved in a systematic manner. As a result, the horse becomes capable, comfortable, and responsive in partnership with the rider without the use of force. Dressage competition at various levels of achievement is the ultimate test of the training program to determine whether the desired harmony between horse and rider has been achieved.

The rules pertaining to dressage competition prohibit the use of artificial appliances, training aids, and drugs, which would force the horse to submit. Instead, the emphasis is upon training and a cooperative partnership with the rider. Major competitions are carefully monitored to assure that there is no unnecessary force or harshness displayed.

Unlike other horse sports in which horses enter training at a relatively immature state, dressage training is usually not seriously begun until the horse is three or four. The top levels of achievement require five or more years of progressive training and it is not unusual to see horses in international competition in their late teens. This, in itself, places a premium on good care and soundness throughout the horse's life.

While supporting the concept of animal welfare in its broadest form, the United States Dressage Federation, Inc., also recognizes that it is unrealistic to ascribe human emotions and responses to the horse which in its wild state is a creature of flight, living a hard and precarious existence. Under domestication, the horse is assured of ample food, water, and shelter, as well as protection against infectious diseases and damaging parasites, thus leading a longer and healthier life with a high rate of survival.

As an educational organization, USDF has numerous programs, which teach people how to pursue the accepted, humane training methods. A program of certifying instructors also emphasizes protecting the horse's welfare in pursuit of dressage training.

A gold medal doesn't happen overnight. It takes passion, dedication, hard work and the right nutrition to reach your goals. For over 20 years, Platinum Performance® has been improving the lives of horses by impacting health, from the inside, through advanced nutrition. No matter the level of achievement we seek, the love and care for our horses start from a place deep inside of us all.

THE POWER OF NUTRITION STARTS WITHIN.

Sometimes you have to fly across the Atlantic to find a good horse...

Congratulations Hubertus Schmidt, German Olympic Gold Medalist, on Bojing's victory in the Young Horse Grand Prix!

"I bought Bojing, aka Beryll, for more than just his very good training", Hubertus Schmidt.

David Collins became the only American to sell a top horse to a German Olympic Gold Medaist. Hubertus recently qualified for the German Championships with a win in Verden. Bojing is the 4th horse that David trained to FEI levels and was sold back to Europe. More info: www.CenterlineStables.org

4 STEPS TO HEALTHY HOOVES

by SmartPak

Every rider has heard the saying "no hoof, no horse." The quality of your horse's hooves can be influenced by a number of factors, including these four key areas: regular professional maintenance, environmental management, exercise and activities, and proper nutrition.

Why hoof health matters

There's more to your horse's hooves than meets the eye. Your horse's outer hoof wall surrounds, protects, and supports bones, tendons, ligaments, cartilage, nerves, and an intricate vascular network. These vascular pathways — composed of arteries, veins, and capillaries — function as a key element in maintaining the health of the foot.

Weak, unhealthy hooves can cause a variety of problems, from unsightly chips, cracks, and crumbling, to unsoundness and discomfort. But healthy hooves take a long time to grow. That's because just like our own fingernails, the hoof wall is mostly composed of dead tissue, so it can't mend and heal. Instead, damaged sections have to be regrown and replaced, and because your horse's hooves grow from the hairline down at an average rate of 1/4" per month, completely growing out a healthy hoof wall can take up to a year! That's why it's a smart choice to support healthy hooves before your horse's hooves show signs of weakness.

1. Regular, professional maintenance

In the artificial environments we provide, horses simply can't maintain their hooves as they would in their natural environment, and poorly maintained hooves can have far-reaching effects. A long, unbalanced hoof will negatively impact your horse's way of going, putting undue strain on the joints, tendons, and ligaments of the entire limb. So it's important to think of hoof care as a major part of your horse's overall health and wellbeing — after all, it's called "horse shoeing," not "hoof shoeing," for a reason!

Whether your horse is barefoot or shod, working with a knowledgeable hoof care professional is essential to maintaining healthy, well-balanced hooves. And like most things in your horse's life, consistency is key. That's why the first step to supporting optimal hoof health is finding a hoof care professional you trust, setting up a regular maintenance schedule, and sticking to it!

2. Environmental management

Your horse's hoof is equipped to manage natural, gradual fluctuations in moisture. However, between the barn, the pasture, the ring, and the trails, you'd be surprised at how many times your horse's hooves go from wet to dry and dry to wet every day. Unfortunately, frequent shifts from one environment to the other can cause the hoof wall to rapidly expand and contract, which may lead to cracks and other structural problems.

In order to help your horse put his best foot forward, try to limit changes in moisture level as much as possible. For additional support, try a topical that actually helps stabilize moisture levels in the hoof, like a hoof hardener or a hoof gel instead of turning to a standard hoof moisturizer.

3. Exercise and Activity

You probably know that turnout and exercise have many benefits for your horse, but did you know that one of the benefits is supporting hoof health?

Your horse's hoof surrounds, protects, and supports bones, tendons, ligaments, cartilage, nerves, and an intricate vascular network. These vascular pathways — composed of arteries, veins, and capillaries— function as a key element in maintaining the health of the foot. That's because the strength of the equine foot depends on nourishment provided by good circulation. By supporting healthy circulation, you're ensuring nutrient-rich blood is pumping throughout the foot.

But how do you support healthy circulation? That's where exercise and activity come in! In order to promote good blood flow, the frog and the solar (bottom) surface of the foot need to be engaged — in other words, your horse needs to get moving! Research

approximately 17 hours per day, but modern horsekeeping often results in much less activity than that. Maximizing your horse's turnout time and space is a great first step, but if time and/or space are limited — or your horse is a lazy pasture puff — consider looking for opportunities to up his exercise, including lunging, hot-walking, trail riding, etc.

4. Proper nutrition

Nutrition is another area of hoof health that can't be ignored. Proper nutrition plays a vital role in helping your horse maintain healthy, resilient hooves, which is why daily support from a supplement is a smart way to support healthy hooves all year long.

Biotin is vital to the growth of strong, healthy hooves due to its role in collagen formation. Research has shown that supplementing with 10–30 mg of biotin per day may help promote growth rate and integrity in poor quality hooves. In addition to biotin, look for supplements that provide the amino acids critical to hoof health. Lysine, methionine, and threonine — which play a vital role in the formation of hoof structures—are essential amino acids, meaning that your horse can't make them on his own and needs to get them from his diet.

Minerals like copper and zinc have also been shown to support healthy hoof growth and help keep hooves strong. Lastly, remember how in step 3 we talked about the importance of healthy circulation? Well, you can support circulation from the inside, too! Look for a supplement that has ingredients to support blood flow and vascularity, like the amino acid arginine and the B vitamin niacinamide.

Give your horse the solid foundation he deserves

Now that you know four ways that you can help support your horse's hoof health, take time to protect and maintain them, rather than waiting until there is a problem later. SmartPak offers resources and tips with additional ways to support your horse's feet at www.SmartPak.com

The intramuscular bisphosphonate injection

for control of clinical signs associated with Navicular Syndrome in horses 4 years of age and older

Learn more online

www.dechra-us.com www.osphos.com

As with all drugs, side effects may occur. The most common adverse reactions reported in the field study were clinical signs of discomfort or nervousness, colic and/or pawing. Other signs reported were: lip licking, yawning, head shaking, injection site swelling, and hives/pruritus. Osphos should not be used in pregnant or lactating mares, or mares intended for breeding. Use of Osphos in patients with conditions affecting renal function or mineral or electrolyte homeostasis is not recommended. Refer to the prescribing information for complete details or visit www.osphos.com.

CAUTION: Federal law restricts this drug to use by or on the order of licensed veterinarian.

* Freedom of Information Summary, Original New Animal Drug Application, NADA 141-427, for OSPHOS. April 28, 2014.

OSPHOS[®] (clodronate injection)

Bisphosphonate. For use in horses only.

Brief Summary (For Full Prescribing Information, see package insert)

CAUTION: Federal (USA) law restricts this drug to use by or on the order of a licensed veterinarian.

DESCRIPTION: Clodronate disodium is a non-amino, chloro-containing bisphosphonate. Chemically, clodronate disodium is (dichlormethylene) gliphosphonic acid disodium salt and is manufactured from the tetrahydrate form.

INDICATION: For the control of clinical signs associated with navicular syndrome in horses.

CONTRAINDICATIONS: Horses with hypersensitivity to clodronate disodium should not receive OSPHOS.

WARNINGS: Do not use in horses intended for human consumption

HUMAN WARNINGS: Not for human use. Keep this and all drugs out of the reach of children. Consult a physician in case of accidental human exposure.

PRECAUTIONS: As a class, bisphosphonates may be associated with gastrointestinal and renal toxicity. Sensitivity to drug associated adverse reactions varies with the individual patient. Renal and gastrointestinal adverse reactions may be associated with plasma concentrations of the drug. Bisphosphonates are excreted by the kidney; therefore, conditions causing renal impairment may increase plasma bisphosphonate concentrations resulting in an increased risk for adverse reactions. Concurrent administration of other potentially nephrotoxic drugs should be approached with caution and renal function should be monitored. Use of bisphosphonates in patients with conditions or diseases affecting renal function is not recommended. Administration of bisphosphonates has been associated with abdominal pain (colic), discomfort, and aglitation in horses. Clinical signs usually occur shortly after drug administration and may be associated with alterations in intestinal motility. In horses treated with 1 shortly open of treatment. Horses should be monitored for at least 2 hours following administration of OSPHOS.

Bisphosphonates affect plasma concentrations of some minerals and electrolytes such as calcium, magnesium and potassium, immediately post-treatment, with effects lasting up to several hours. Caution should be used when administering bisphosphonates to horses with conditions affecting mineral or electrolyte homeostasis (e.g. hyper-kalemic periodic paralysis, hypocalcemia, etc.).

The safe use of OSPHOS has not been evaluated in horses less than 4 years of age. The effect of bisphosphonates on the skeleton of growing horses has not been studied; however, bisphosphonates inhibit osteoclast activity which impacts bone turnover and may affect bone growth.

Bisphosphonates should not be used in pregnant or lactating mares, or mares intended for breeding. The safe use of OSPHOS has not been evaluated in breeding horses or pregnant or lactating mares. Bisphosphonates are incorporated into the bone matrix, from where they are gradually released over periods of months to years. The extent of bisphosphonate incorporation into adult bone, and hence, the amount available for release back into the systemic circulation, is directly related to the total dose and duration of bisphosphonate use. Bisphosphonates have been shown to cause fetal developmental abnormalities in laboratory animals. The uptake of bisphosphonates into fetal bone may be greater than into maternal bone creating a possible risk for skelteal or other abnormalities in the fetus. Many drugs, including bisphosphonates, may be excreted in milk and may be absorbed by nursing animals.

Increased bone fragility has been observed in animals treated with bisphosphonates at high doses or for long periods of time. Bisphosphonates inhibit bone resorption and decrease bone turnover which may lead to an inability to repair micro damage within the bone. In humans, atypical femur fractures have been reported in patients on long term bisphosphonate therapy; however, a causal relationship has not been established.

ADVERSE REACTIONS: The most common adverse reactions reported in the field study were clinical signs of discomfort or nervousness, colic and/or pawing. Other signs reported were lip licking, yawning, head shaking, injection site swelling, and hives/pruritus.

Animals speak louder than words.

If there's greatness on the inside, it shows on the outside.

FEED GREATNESS**

Purina understands there's a lot riding on our horses. It's why I partner with them and why my feed of choice is Purina® Ultium® Competition horse formula.

Ultium® delivers mental focus and manageability, quick recovery & muscle repair, prolonged stamina, and less digestive upset so we can perform at the top of our game.

To learn more visit your Purina Retailer or PurinaMills.com/Horse-Feed

2021 Great American Insurance Group/USDF Regional Dressage Championships

A single Regional Dressage Championship program organized by the United States Dressage Federation (USDF), and recognized by the United States Equestrian Federation, Inc. (USEF), will be held in each of the nine USDF regions. In addition, Alaska and Hawaii may each hold state championships if an official request from a Group Member Organization (GMO) is received by April 1 of the prior year. The Regional Championship Program Rules can be found on the USDF website at www.usdf.org. Please refer to the 2021 USDF Member Guide for the comprehensive list of rules and requirements for this program.

Membership/Registration Requirements for Qualifying and Championships

All memberships and registrations/recordings must be correct and current at the time qualifying scores are earned and at the time of the championships.

Rider:

- Must have a USDF Participating* Membership (PM).
- Must have a USEF membership (Junior Active, Senior Active, or Life).

Horse:

- Must have a USDF Lifetime Horse Registration (LHR).
- Must have a USEF (Annual or Lifetime) Horse recording.
- USDF horse registration and USEF horse recording must be in the name(s) of the current owner(s) or lessee(s).
 A horse is not required to have breed registry papers.

Owner:

- Must have a USDF Participating or Business Membership and a USEF membership (Junior Active, Senior Active, Life, or Recorded Farm (with Active Farm Owner)). If the horse has more than one owner, at least one owner must have both active USEF membership and active USDF Participating or Business Membership and must be the owner of record with USEF and USDF. For a business or farm to be the valid owner under this requirement, it must be listed as an owner of the horse with both USEF and USDF.
- * PMs are USDF members who join USDF directly. USDF Group Members (GM) are ineligible.

Minimum Qualifying Scores: One set of nationally-standardized qualifying scores has been established for all USEF/USDF Regional Championships, for Training Level through Grand Prix, in three divisions: open, adult amateur and junior/young rider. FEI Junior and FEI Young Rider classes have only one respective division. Freestyles have only open divisions.

The minimum percentages are as follows:

	OPEN	AA	JR/YR
Training Level (Test 3)	68%	63%	63%
First Level (Test 3)	66%	62%	62%
Second Level (Test 3)	64%	61%	61%
Third Level (Test 3)	62%	60%	60%
Fourth Level (Test 3)	62%	60%	60%
FEI Junior (Team Test)	_	_	60%
FEI Young Rider (Team Test)	_	_	60%
Prix St. Georges	62%	60%	60%
Intermediate I	62%	60%	60%
Intermediate II	62%	60%	60%
Grand Prix	60%	60%	60%
FREESTYLE	OPEN	AA	JR/YR
First Level	65%	_	_
Second Level	65%	_	_
Third Level	65%	_	_
Fourth Level	65%	_	_
Intermediate I	65%	_	_
Grand Prix	65%		

United States Dressage Federation™

USDF US Dressage Finals Eligibility

The US Dressage Finals is an Invitational competition using the USEF/USDF Regional Championship program to qualify. Qualifying takes place at each of the nine Great American/USDF Regional Dressage Championships, based on either 1) Ranking in a Regional Championship Class or 2) Wild Card Eligibility. Either must be achieved at a Regional Championship in a class and eligible division offered at the US Dressage Finals.

I. Qualification Based on Ranking in a Regional Championship Class:

Champion and Reserve Champion horse/rider combinations for each level and eligible division from each of the nine Regional Championships will be automatically invited, provided the following three requirements are met: US Citizenship; Declaration of Intent completed by the deadline; and earning an eligible ranking in a Regional Championship class.

Note: Since Freestyle classes at Regional Championships are not split by division, the top two declared Open horse/rider combinations and the top two declared Adult Amateur horse/rider combinations for each level from each of the nine Regional Championships will be automatically invited. In addition, to be eligible for the Adult Amateur division in the Freestyles at the US Dressage Finals, competitors must check the AA box on the Regional Championship entry form and must provide proof of Adult Amateur status prior to competing in their Regional Championship classes.

- 1) <u>United States Citizenship Requirement:</u> To compete in any US Dressage Finals class, the rider must be a US citizen.
- 2) Declaration Requirement: The horse/rider combination must declare their intention to participate by completing the Declaration of Intent form by midnight on the day prior to the first day of their Regional Championship competition (including any open class day before the start of championship classes). There is no fee to declare, but horse/rider combinations must declare at the level(s) and eligible division(s) they intend to compete in at the US Dressage Finals. Go to www.usdressagefinals.com to declare.
- 3) Ranking in a Regional Championship Class: Eligibility to enter US Dressage Finals classes is based on a horse/rider combination's ranking in a Regional Championship class. Champions and Reserve Champions in eligible classes will be automatically invited, as long as they have declared by the deadline. Note: In order to be named Champion and Reserve Champion in a Regional Championship class, a horse/rider combination must have achieved a score of 57% or higher.

In the event that the Champion and/or Reserve Champion declines the invitation, or are ineligible to compete in the US Dressage Finals, the horse/rider combination that has the next highest ranking in the class will be eligible, providing they:

- 1. Are a US citizen.
- 2. Completed the Declaration of Intent for that particular level and division by the deadline.
- 3. Achieved the pre-requisite score of 57% or higher.

If that combination declines, the same process will be followed down through the fifth ranked declared horse/rider combination for that Finals level and division.

No notifications will be issued beyond the fifth ranked, of declared horse/rider combination except as may be eligible through the Wild Card invitations described below.

II. Qualification Based on Wild Card Eligibility:

Horse/rider combinations who are not otherwise qualified to compete in the US Dressage Finals based on their Regional Championship ranking (see above) may be invited to participate in a Finals class by earning a Wild Card score achieved at one of

the nine Regional Championships, provided the following two requirements are met: US Citizenship and earning an eligible Wild Card score in a Regional Championship class.

- 1) United States Citizenship Requirement: To compete in any US Dressage Finals class, the rider must be a US citizen.
- 2) <u>Eligible Wild Card Score:</u> Eligibility to enter US Dressage Finals classes is based on a Wild Card score earned in a Regional Championship class. For all levels and divisions from Training through Grand Prix, a horse/rider combination that competes in a Regional Championship class and achieves a score at or above the score listed below for that level and division may compete in the same level and division at the US Dressage Finals.

Note: Horse/rider combinations are not required to have filed a "Declaration of Intent" in order to receive a Wild Card invitation.

	OPEN:	<u>AA:</u>
Training:	72%	68%
First:	72%	68%
Second:	68%	65%
Third:	68%	65%
Fourth:	68%	65%
Prix St. Georges:	68%	65%
Intermediate I:	66%	64%
Intermediate II:	66%	64%
Grand Prix:	66%	64%
All Freestyles	68%	68%

III. Invitations:

Invitations and notifications will be emailed to eligible/qualified horse/rider combinations immediately after each Regional Championship. There will be three categories of emails:

- 1) Invitation emails will be sent to the top two of the top five declared horse/rider combinations.
- 2) Invitation emails will be sent to combinations eligible for a Wild Card.
- 3) Notification emails will be sent to the third to fifth declared horse/rider combinations, notifying them that they are on the reserve/alternate list and reminding them to check the website for any status changes that would make them eligible for an invitation.

In the event that an invited horse/rider combination scratches, invitations may be issued up to the start of the competition.

Note: Competitors do not need to receive an actual invitation to nominate themselves for the US Dressage Finals. The entry system will have their eligibility status and they can nominate prior to receiving an email invitation.

IV. Nomination Requirement:

Nomination, including payment of the nomination fee, is required for participation in US Dressage Finals classes, whether qualifying through ranking in a Regional Championship class or by Wild Card Eligibility. The nomination deadline is midnight, 96 hours after the last championship day in the regional championship show in which the horse/rider combination competed. Each US Dressage Finals horse/rider combination is required to complete the nomination (preliminary entry) process including the horse/rider combinations on the reserve/alternate list. The Nomination fee paid will be applied to the total amount due at Closing Date.

V. Entry Requirements

Completed entries for the US Dressage Finals *must be received* by the closing date, October 19, 2020 midnight Eastern Time. Priority for all stabling requests (including stabling in Alltech Barns and for double stalls) will be based on the date of receipt of the COMPLETE online entry. Due to COVID-19 Best Practices, each online entry must include the following: full payment, fully signed 2020 US Dressage Finals entry form and signed USEF Waiver, current negative Coggins test and current Flu/Rhino Vaccine Record. All documents must be uploaded when you receive your online entry confirmation from Horseshowoffice.com, that is emailed immediately to you after you enter online. The last factor in determining stabling priority will be the allotted number of Alltech stalls available per region.

US Dressage Finals Deadlines				
Regional Championship	Declaration	Nomination		
1	Wednesday, October 7, 2020	Thursday, October 15, 2020		
2	Wednesday, September 16, 2020	Thursday, September 24, 2020		
3	Wednesday, September 30, 2020	Thursday, October 8, 2020		
4	Wednesday, September 30, 2020	Thursday, October 8, 2020		
5	Not Required	Thursday, September 24, 2020		
6	Wednesday, September 30, 2020	Thursday, October 8, 2020		
7	Tuesday, September 22, 2020	Thursday, October 1, 2020		
8	Wednesday, September 16, 2020	Thursday, September 24, 2020		
9	Wednesday, September 30, 2020	Thursday, October 8, 2020		

Above deadlines are midnight in the time zone of the specific Regional Championship

Entry Closing Date is October 19, 2020 midnight Eastern Time
